

INVITATION: SNAP STAKEHOLDER MEETING

Hosted By: U.S. Environmental Protection Agency (EPA), Office of Air and Radiation, Office of Atmospheric Programs, Stratospheric Protection Division

Date: September 11, 2015

Time: 9:30 a.m. – 11:30 a.m. (please plan to arrive by 9:00 a.m. to sign in)

Location: Washington Marriott at Metro Center, 775 12th Street, NW, Washington, DC 20005

Background: EPA is hosting a meeting for interested stakeholders to exchange information on the Significant New Alternatives Policy (SNAP) program. During the past 12 months, EPA has taken four separate actions under the SNAP program, to support the President's June 2013 Climate Action Plan, which directs EPA to "use its authority through the Significant New Alternatives Policy Program to encourage private sector investment in low-emissions technology by identifying and approving climate-friendly chemicals while prohibiting certain uses of the most harmful chemical alternatives." As part of SNAP's continuous efforts, we are seeking to engage with stakeholders as we consider various next steps.

Logistics: Please RSVP by September 4th to Paul-Harvey Weiner with a direct reply to this e-mail (weiner.paul-harvey@epa.gov) or by telephone at (202) 343-9740. Please include your name and affiliation. You are welcome to share this invitation with other interested participants; however, please ask them to RSVP by September 4th as well. We look forward to a productive and informative meeting.
